SUMMARY

Passionate mobile application developer with expertise in Flutter for building robust iOS and Android applications. Proficient in backend development using Node.js and managing databases with MySQL and Firebase. Skilled in creating seamless user experiences and integrating APIs. Strong problem-solving abilities and a collaborative mindset, dedicated to delivering high-quality software solutions. Eager to leverage my skills in a dynamic team environment to drive innovation and enhance user engagement.

EXPERIENCE

Flutter Developer
Opalaxise Technologies   📅 2024 - Present   📍 Lahore

Responsible for developing and implementing software applications

· Developed and maintained X mobile applications using Flutter and Dart, focusing on modular and reusable code.
